We would like to thank Norine Chu, a former student of Vic High, for designing the cover. It illustrates our school life at Vic High.

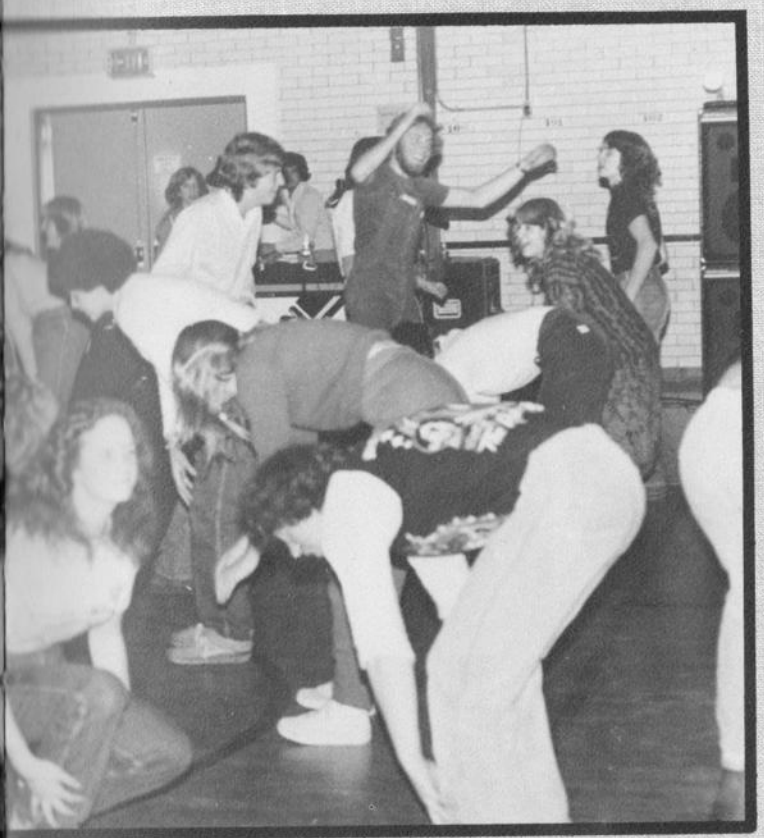
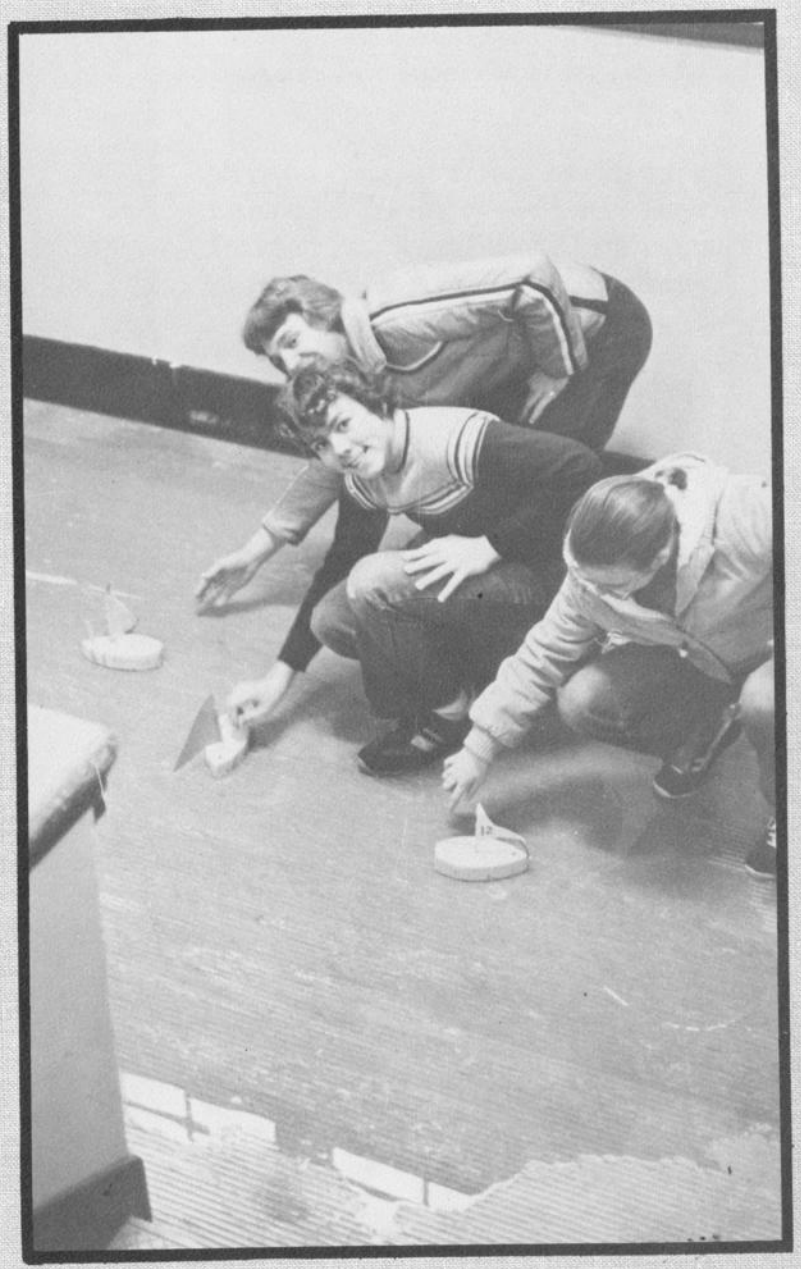
Student and teacher relationship?



Getting down to the beat.



Vic High's Swiftsure.

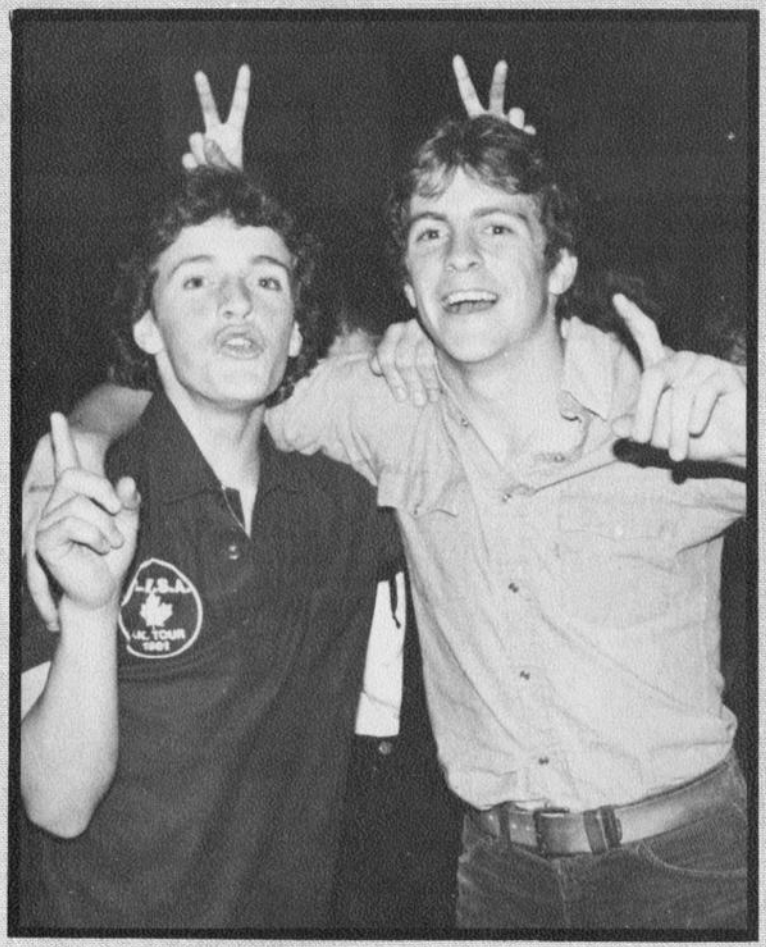
Dear Diary,
This year my school is developing a unique spirit. Students are taking the bad and good points of the school and making them all something to smile about. We are always making new friends and getting to know our old friends better. School spirit had a major boost with our 2-1 soccer victory over Mount Doug. I have never seen so many excited people in the stands before.

What makes memories?

One part of high school that I hope will last are the memories we had together. The wild things we did over the years. From locking each other in lockers to hamming it up at a school dance. These are the things that make the best memories.

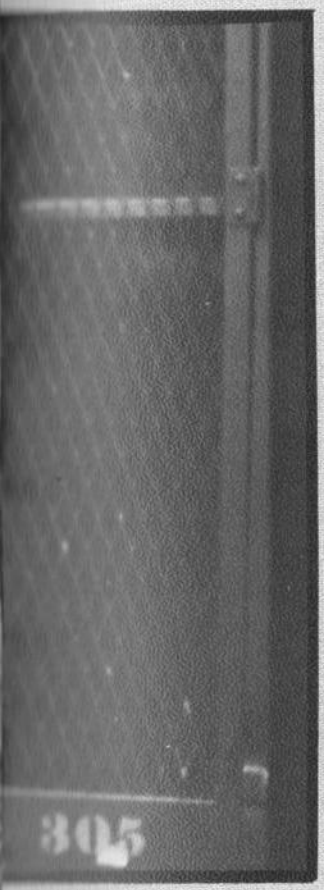
Sue, watch those hands!

All lockered up.



"No, I'm #1."

The answer is friends.



"I don't think we should light it in here."

"Bow to me and you will receive my homework."

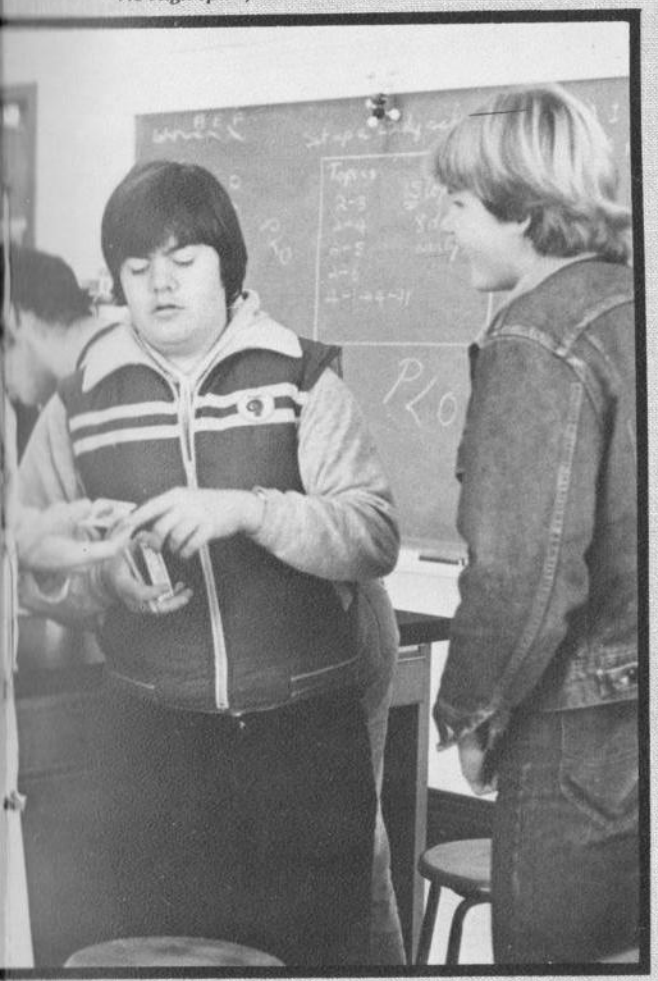
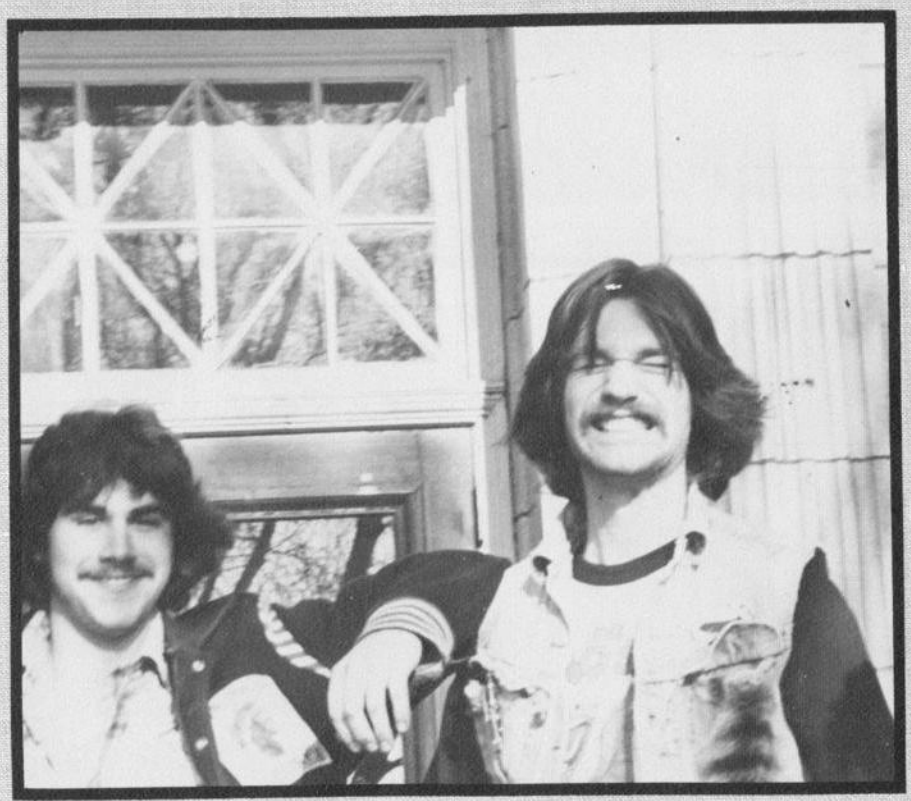
chance to socialize . . .

Vic High spirit, rain or shine.

High school will give us all a chance to socialize. From talking with our friends about what we did over the weekend, to gathering at games to give our teams a boost. Something else I learned this year is that teachers are people too. Some of the best laughs that I've had are from joking around with my favourite teachers. Some of them try and put on a hard shell; but we all know that they are softies deep down inside.

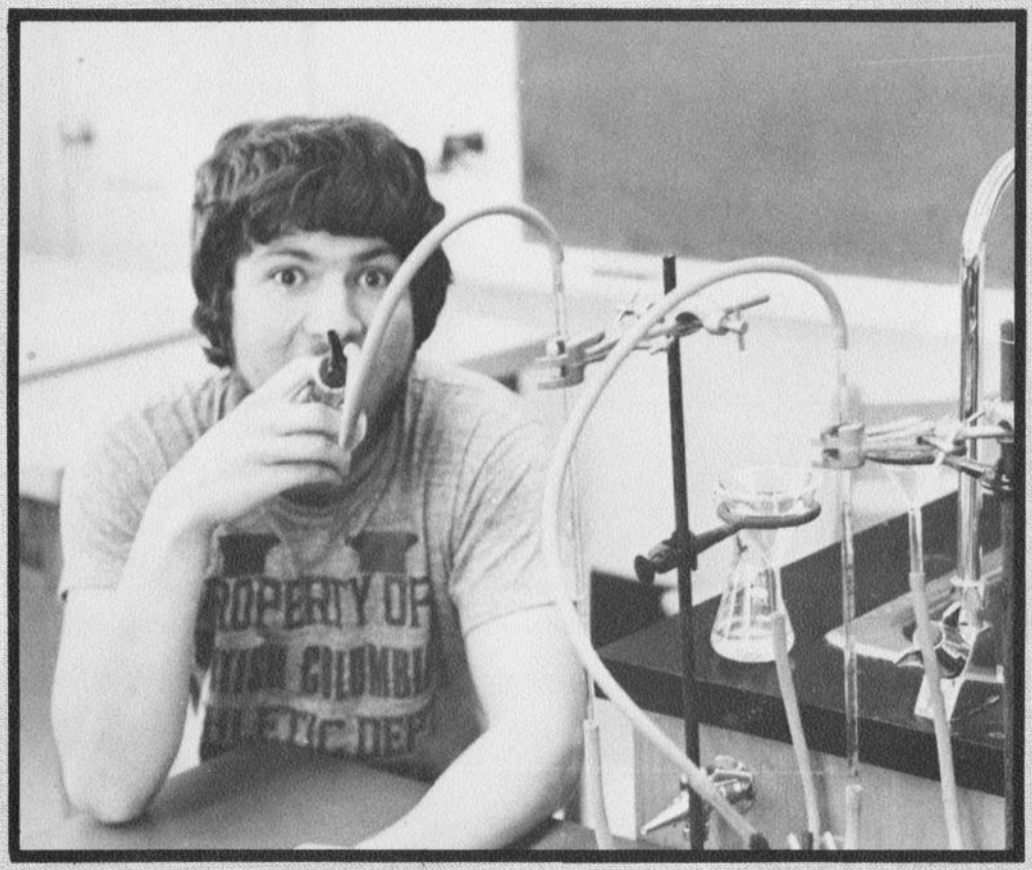


"Sir, you're trying to rip me off."

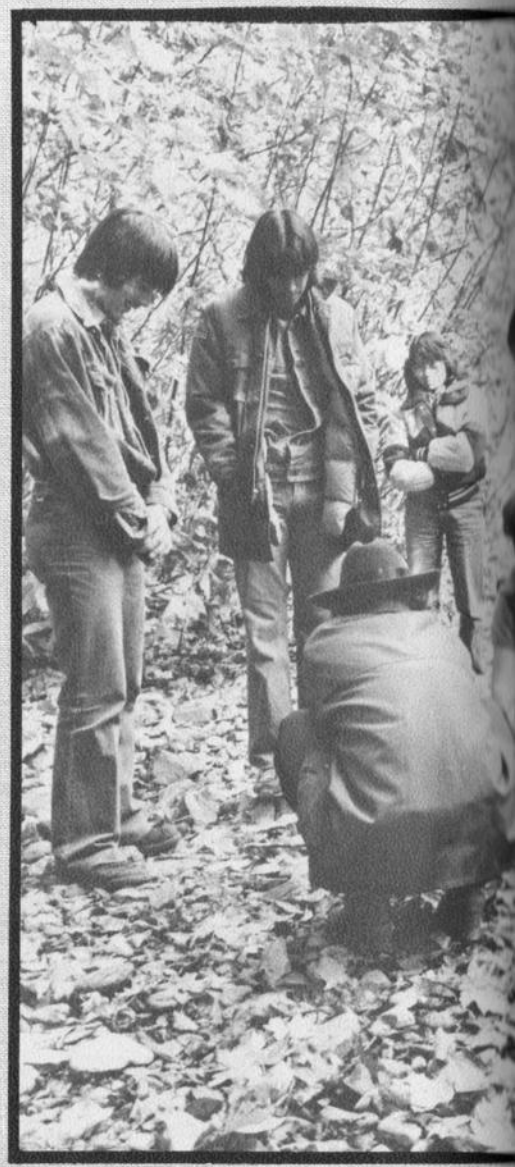


All we asked for was a smile.

It also gave us the chance to learn about life.



Dr. Mango and Mr. Hyde.



"Oh my goodness, it's a dead arthropod."

"First you go like this . . ."

What goes up . . .

Learning about life is a large part of high school. Through our friends and the different activities that we participate in, we gain a better understanding of the world around us. We had a chance to teach ones younger than us and learn about our natural surroundings. We also had a unique opportunity to listen to a lecture put on by Dr. Lotta Hitschmanova, a noted humanitarian. Her lecture was very informative and I hope we all gained a lot from it.

Students working hard?

Relaxing after doing some hard work.

"I've had it with school!" How many times have I told myself that? School is a constant struggle. From getting up in the morning to making it to class. Just making it through a full hour of class is almost unbearable at times. 'Read, read, read, that's all I ever do; but once in a while, I will find some time to sit back and relax.

Smile, it's report card day!

Awards of the past.

Honouring the honour students.

But the ones that strive will be rewarded.

"You did good, kids."

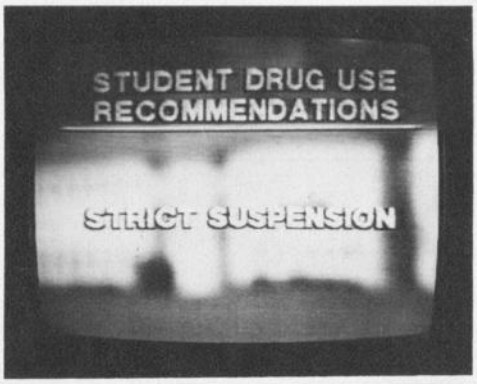
"Palma non sine pulvere" (no reward without effort) is our school motto. High school is a time to learn how to work hard, and when we do, we often find ourself rewarded. Whether it be in sports, academics or other activities, the feelings that we gain from our achievements are indescribable. We reward those that excel in the pursuit to make ours a better school.

Doing not what they ought.

TIMES-COLONIST, DECEMBER 22, 1981

Marijuana goes to school

Teenagers talk about drugs



This year there was a task force on the illegal use of drugs and alcohol in the Victoria schools. This task force came to a number of conclusions: how school morale and attitudes are affected, how "stoned" students could disrupt a class by either attention seeking behaviour or by withdrawing and falling asleep in class, how students were irritable due to a hangover from the weekend, how physical injuries can occur either to the student or to other students when he/she is in a lab or shop while under the influence of chemicals, and how motivation and concentration levels are reduced and school performance suffers. When I read the report, I had to agree and disagree with some of the conclusions. The first one which states that "school morale and attitudes were affected: I agree with. I as a student believe that school morale is a reflection of society in general. After this study was concluded, a series of T.V. interviews were conducted in the high schools of Victoria. A number of students from our school were interviewed. These students, I think, did not reflect the views and the attitudes of the majority of students at our school. These interviews were a dent to our public image and because of certain outspoken students, the public gained the opinion that every high schooler was a "stoner".

And then there was the Parking Lot —

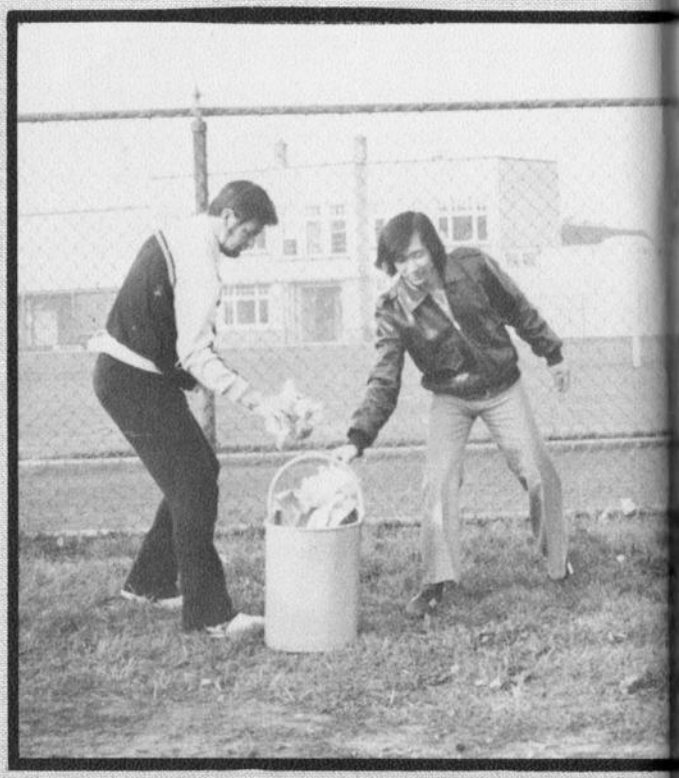
Open sez'me.



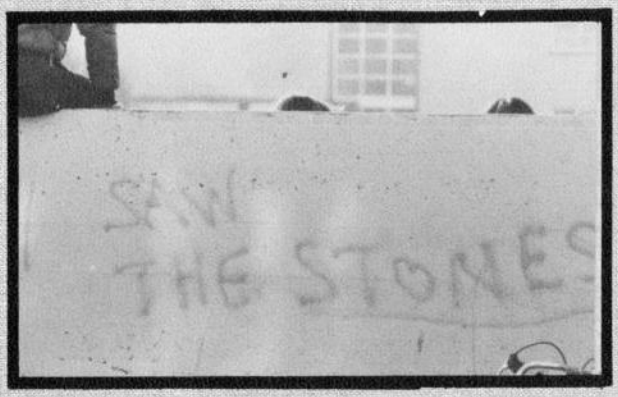
Picking up trash is a bash.

Visions of the past.

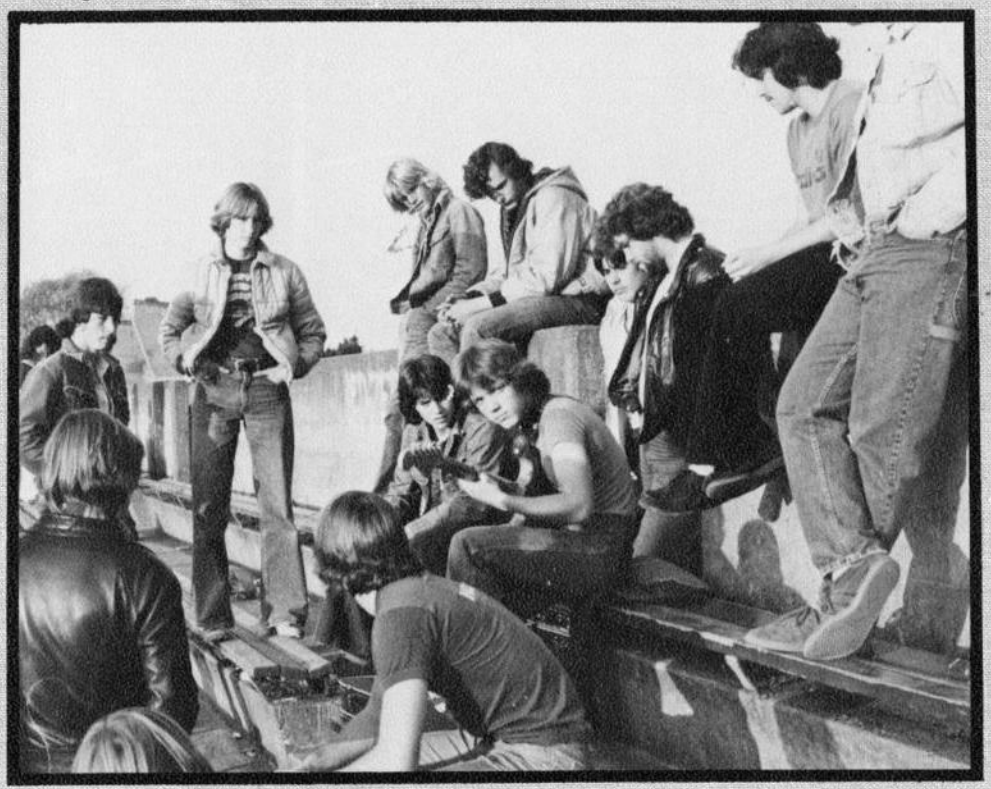
Talk about eye sores. The back parking lot is our source of embarrassment. Everyday we hear about more holes in fences, broken beer bottles, broken guard rails, graffiti and piles of litter. I have to ask myself why this all happens. Is it because of a lack of respect for institutions or is it that we have a bunch of raving lunatics in our school? I think it's the raving lunatics. Who else would want to destroy everything in sight and then turn around and say that they have school spirit?

Drag time.

Buick burnout.



"I see them all the time."



Stadium sing-a-long.

Students' Association tried desperately to generate school spirit.

This year our Students' Association tried something a bit different. In an overall student vote it was decided that instead of the old parliamentary system we would have a voted in Executive; and anyone could show up to the meetings. Unfortunately, after a good start not much student interest was put forth. Hopefully another system will work better in the year to come.

Prime Minister's messages have a tendency to be long-winded and say little. I hope to avoid this in my message.

First, I would like to thank Mr. Higgs for his continuing support. Thanks also to those of you who came to the various events run by the council. Finally, I would like to thank the student body as a whole. You are what makes a school what it is.

I have enjoyed being a member of this student body and I wish you all well in your future lives.

Grant Garrod

Prime Minister

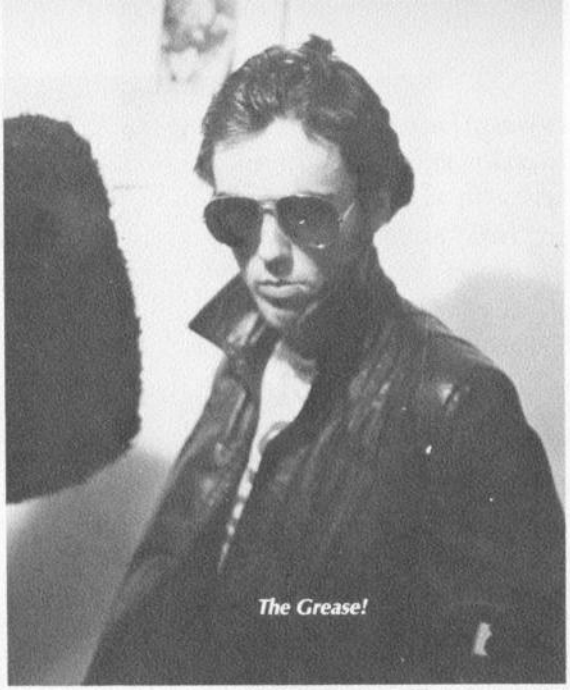
There are many ways to enjoy school.

Here Kitty Kitty!!

To start off the year, we held a Hallowe'en dress-up contest. I never knew people had such imaginations! The list of costumes ranged from cowboys to cave people to bumble bees! It was a very successful day; first, second and third prizes were given away and everyone had a terrific time.

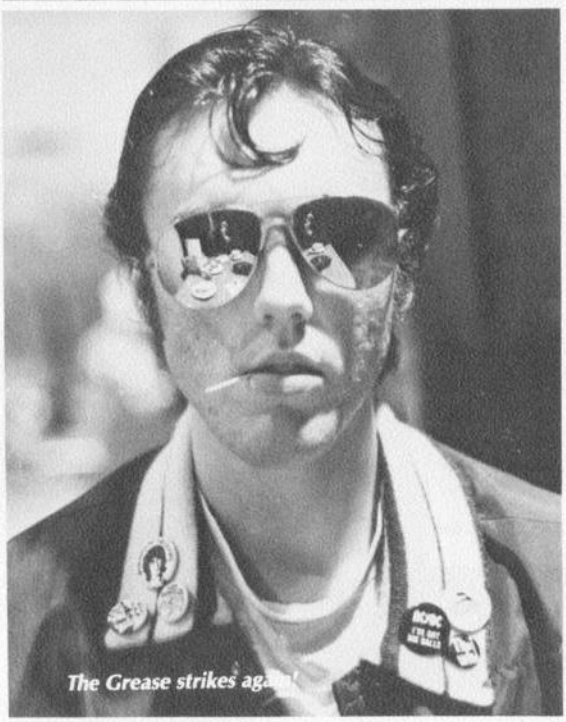
"Take this picture and I'll break your fingers!"

"Who, Me? Punk??"



The Grease!

"Was I supposed to dress up?"



The Grease strikes ag

"School did this to me!"

Winner of the costume contest.

Look what we made in Biology!!??

Later, in November, we held our first night dance in two years. From all the comments I've heard about the dance, a large percentage of the school took part, making it a worthwhile effort. On December 9th, the auditorium came to life as everyone cheered and clapped to the beat of wild music during Vic High's "Battle of the Bands". The night went extremely well as different bands played to their captivated audience. Hopefully, in the future, we will hold another "battle" and see if it will be as successful as the first. Moving along through the year, the next exciting event was the ski trip on February 19th. Close to 100 students and teachers took part in the day-trip to Mt. Washington. For some, it was a first-time experience, while others were old hands at it. All in all, everyone had a good time with no major injuries. Later on in the year, we had another ski trip up to the snow-capped mountain.

"Hey, all the time I thought I was the Leader?"

The Spectrum Dance Company came to Vic High and showed us different types of dances. The six member group did a very experienced and exciting job, leaving us all speechless and intrigued by their performance. Throughout the year, we had a super time, with all our activities, socializing with old and new friends, and making memories for our future!

Administration and staff helped us through the year.

On behalf of the staff and students, I would like to thank Mr. Chan and the students who have spent the year producing this fine edition of the Camosun. Over the years we will continue to look through the annual with feelings of warmth and joy.

We have attempted to make Victoria High a very special place to be. A place where a large number of people, in a confined space, could work and relate in a purposeful, pleasant manner.

You, the undergrads, and the class of '82 have played a significant part in adding "lustre" to the excellent reputation of Vic High.

Thank you for your contribution to an excellent year and thank you for letting us get to know you. Now, if we only had more time!

John Lowther

Principal

How tall are you anyway?

The original Marx Brother.

The essence of a memorable, satisfying "school life" — the theme of this year's Camosun — is active participation, both in acamedic pursuits and in extra curricular activities. If you have found your last two or three years at Vic High to be exciting and rewarding — if you anticipate success in June — you have actively promoted this state of being. For those of you who are disappointed or disillusioned, you can alter this for future years by seeking opportunities to become involved in activities which will bring you success and satisfaction. Your Camosun staff have shown you one way — much time, effort and enthusiasm has gone into this production — all members can be very proud of their contributions. This Camosun is an outstanding example of active participation which vividly records many facets of school life — now and for years to come. Well done!

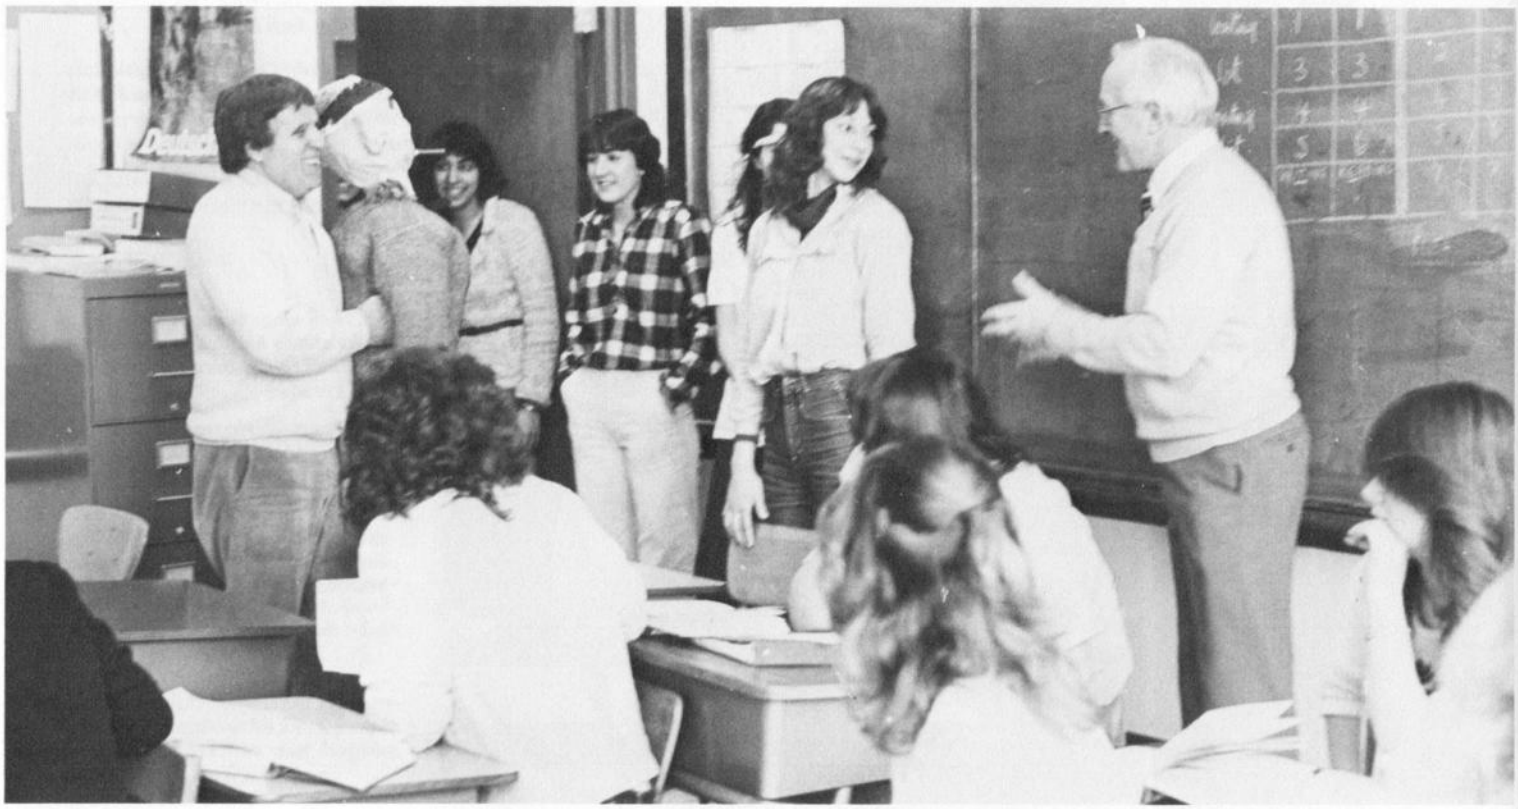
Who said school is all work and no play?



"Please introduce me to the dummy."

"This beats Mom's home cooking."

"Want some?"

Our school activities, whether all work or play, will help us in our future endeavours. Some classes were for the more academically inclined while others developed our different skills. The field trips this year were, I felt, a very important part of our overall education.

STEVE HUNT: Steve enjoys reading and swimming. His last words to the undergrads are, "Watch out for the teachers in the hallway!"

ANN MAYBEE: Ann does not enjoy filling out questionnaires, but according to what we've heard, Ann enjoys writing a lot of notes in History 12.

ROBERT MICKELSON: "Little Rob" will be remembered for falling down stairs. Included in his future plans are to be a narcotics officer and to play at the concert bowl in Vancouver. (Not together of course).

TERRY MINNIE: Being stranded on a deserted island with Bo Derek is Terry's fantasy. In Foods 11, Terry once put his product in the oven but forgot to turn it on. His ideal "10" happens to be his car.

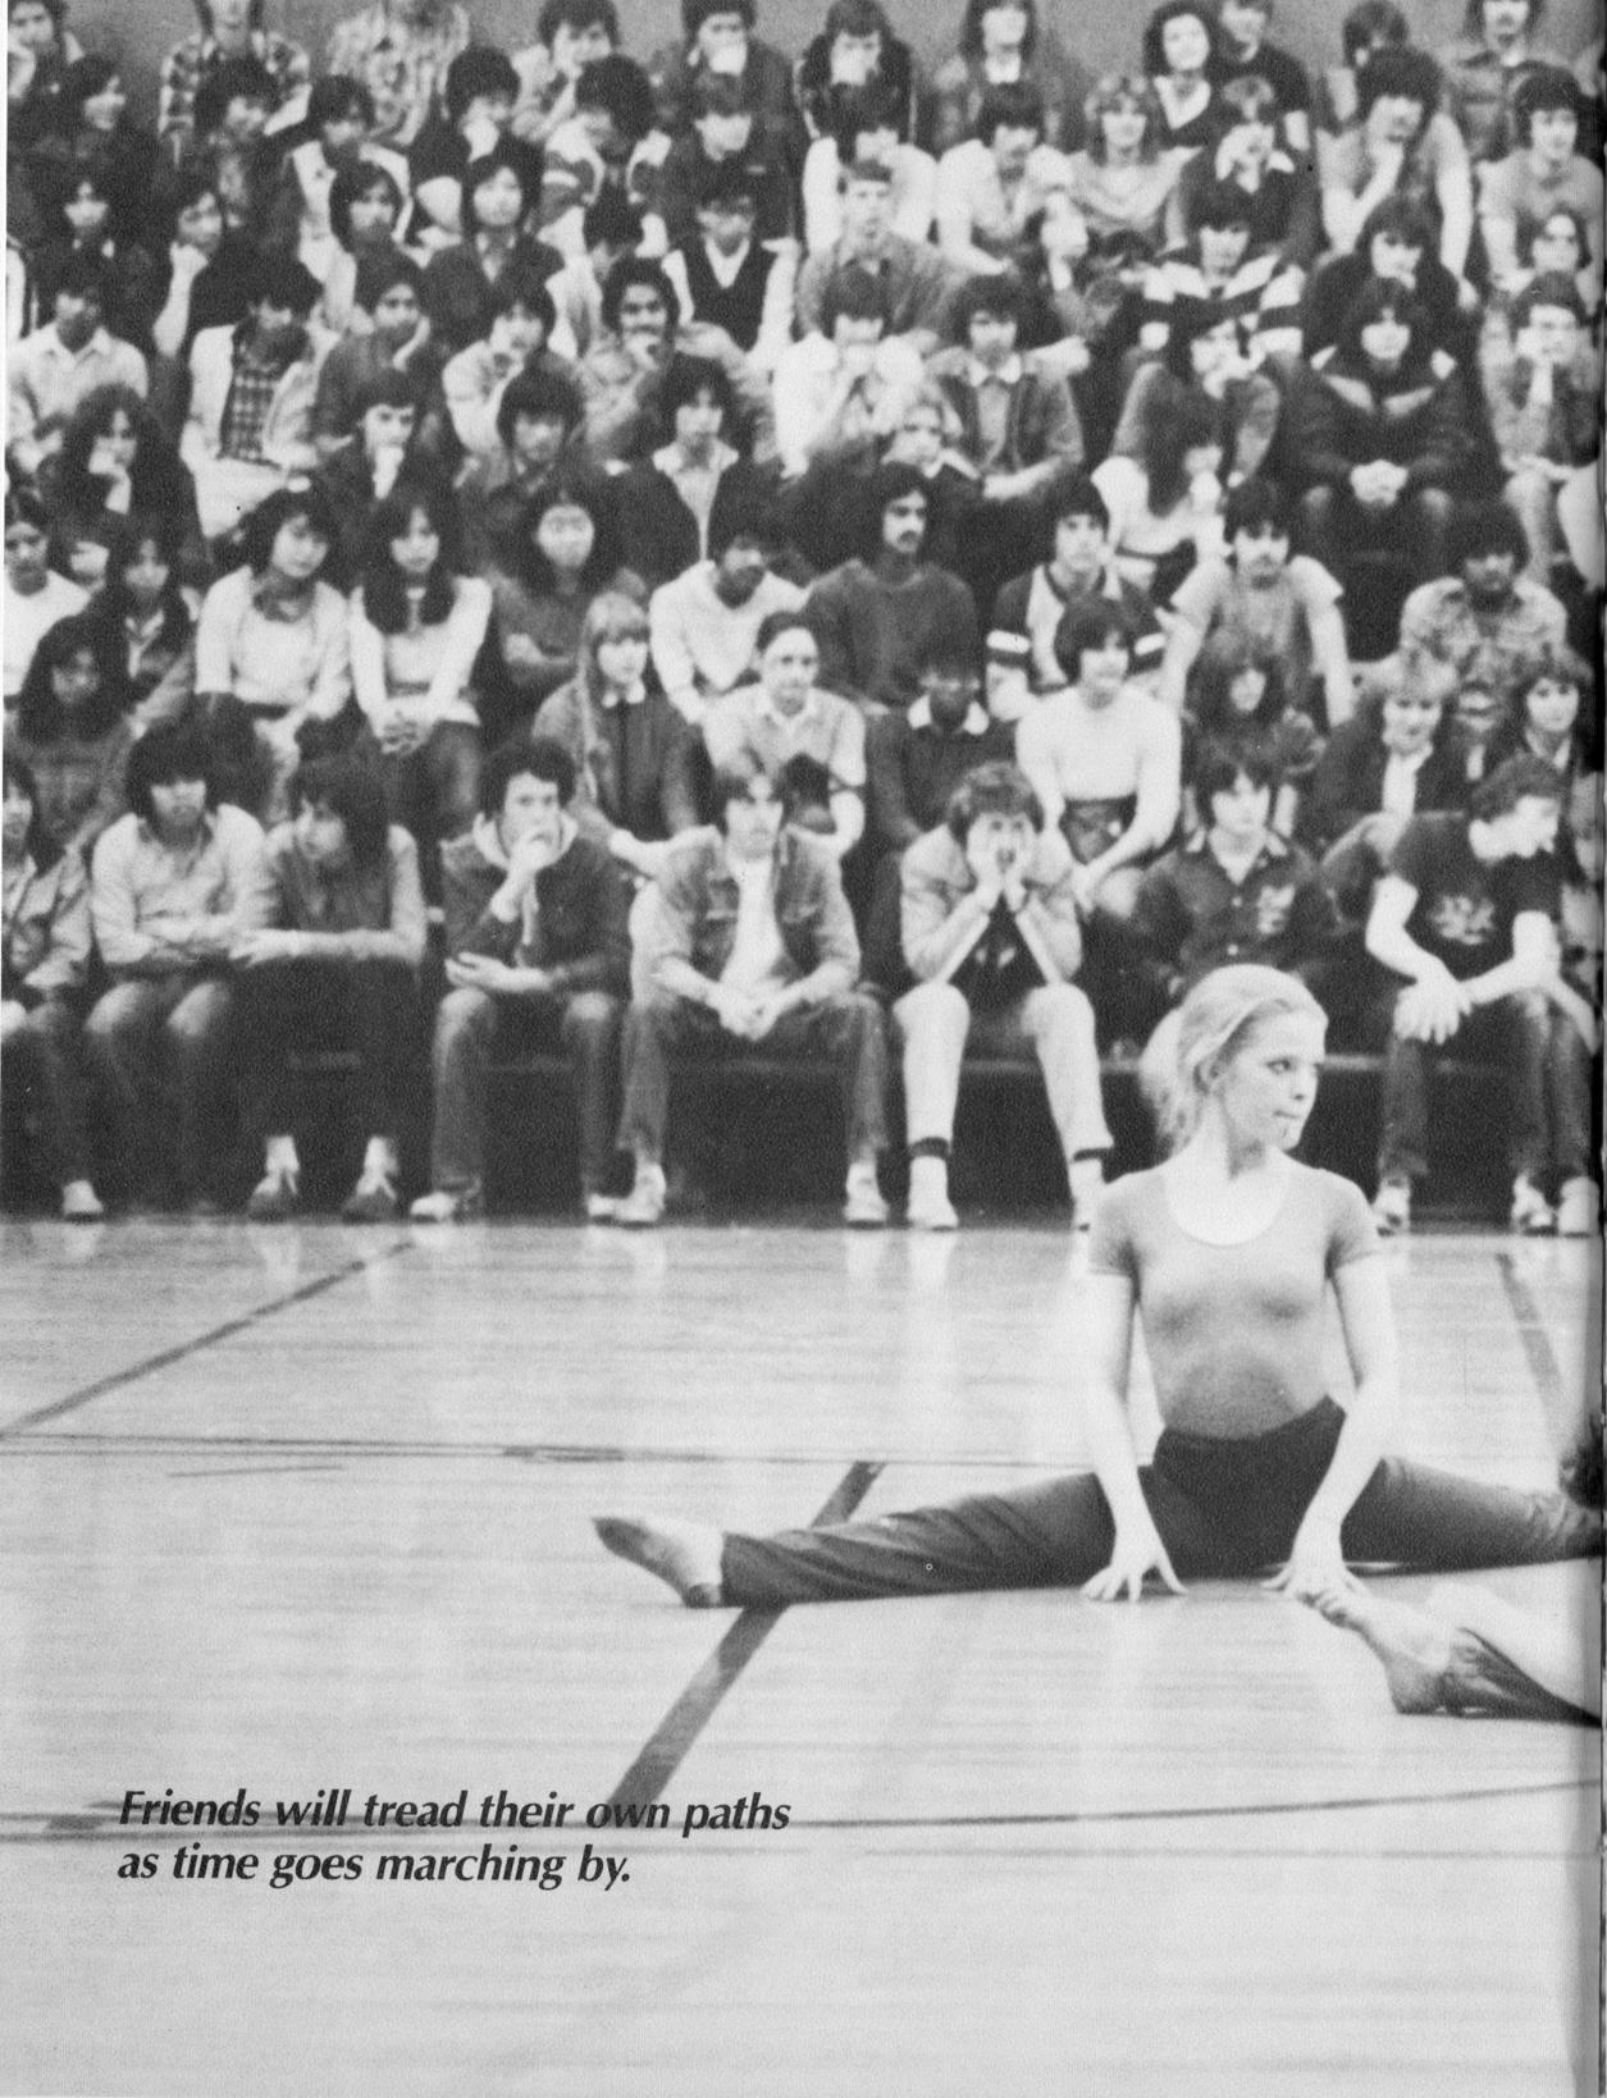
RICHARD PARKS: Richard did not say much. He told us that he does not enjoy filling out questionnaires.

VIKKI ROWLINSON: Vikki left too soon for us to get to know her. Best of luck, Vikki.

NORM SIPOS: "Jock's" whole life is about girls and weights. His future plans are to lift the back end of a Honda while someone changes the tire.

HENRY VANDERHORST: "Horse" says his most memorable moment will be freedom and Grad '82. (we all agree with you!) Henry's fantasy includes driving a truck full of girls, with four on the floor.

ROBIN WHARF: Robin spent most of her time in the shops. (we guess that's why she didn't have enough time to fill out a questionnaire) Good luck, Robin.



Friends will tread their own paths
as time goes marching by.

My Castle Deep

Safe behind walls so old and strong
Shut away for so-so long

Resting in my castle deep
Protected by walls oh-so steep

I look out upon the land
And see that my life has been damned

I am safe against the mighty storm
But without you I am so forlorn

My soul shut away, in the castle's keep
I am so lonely that I must weep

Nothing can enter not even a dove
For fear I have just hid my love

I may be just a soldier with my life at stake
But I will fight and die, if only for your sake

I have powerful armies near at hand
But when I stop and look at you, I lose command

My thoughts have been brushed away with a wisk
But I still have very much at risk

My gates are open very seldom
But when they were, you entered my kingdom

My high walls have n'er known a breach
But they are close within your reach

Far away, safe in my castle deep
Protected by walls so strong and steep
All I can do is just . . . sit and weep

Conflict

I don't know what to do,
I'm torn between the two,

Should I leave or should I stay,
please don't leave in dismay.

Our love we pledged forever,
to leave would be a crime,

but passion isn't everything,
in loves elusive climb.

Even though I'm leaving you,
don't begin to weep,

Just pretend you're going to,
an everlasting sleep.

To love forever and a day,
that is what I'll do,

while memories go on and on
of how much I loved you.

A screaming wind goes through my head,
and tells me not to leave,

but if I don't I'll never have,
the courage to be free.

Pain

I have one problem,
I must explain,
It's so hard for me,
but, just the same . . .

She hurts me so much,
She doesn't know,
just, how I need her,
I love her so . . .

It went quite good for us,
I thought Oh Wow!?

I fell right down . . .

These are the words,

I shouldn't say this,
I'm still in pain!?

John Lennon: The Beatles

Starting in the dark streets of Liverpool,
a group of four make their humble beginnings
in the world of pop music.
Through the good times and the bad,
they struggled on.
Three guitarists and a drummer sing
Into the London nights until their songs
are heard by the world, who lifts them into the
light of stardom.
They write the music that sends the world spinning
to the rhythms of their music.
The foursome that seems to be eternal,
shatters the image like a mirror and the group
falls apart like the broken splinters of glass.
Their success apart is limited and the world
longs for the music it listened to before.
The four lose contact with the world.
and themselves.
On a final fearful day in August, while one
is being born,
a star lays dead.
A man raised to the place of a god,
now lies inside the earth, to sing no more.
He, who brought joy to the world,
now lies dead beneath the ground,
but not in our hearts.
He will live forever within us, like he had when he was alive.
He will never die,
he is immortal.
He has just stopped to sleep for awhile.

The leaves have fallen
Down memory's lane
I start to remember
The pleasure and pain

The days back in school
We thought wouldn't end
The pain in our hearts
We thought couldn't mend

The terrible Mondays
When all seemed so bleak
Then came the Fridays
We'd waited all week

So when it's all over
and part of the past
We'll always remember
For memories last

Life Goes On

The memories of my years here echo through the empty hallways. Reflections of times gone past. Friends come and gone. The laughter and sorrow, joy and heartbreak. The memory of these things make me wish I could stay, but still life goes on. No one can stop time.

Looking forward I see nothing, looking back I see a whole lifetime of people and places, why must we give this up and become adults? Why can't we stay young forever?

New Beginnings

A circle of events surrounds the year.
A new school, new friends,
and the beginning of a new romance.
The stares from fellow students
asking if it's true and how long it will last.
Weeks go by and the romance blooms.
He stares at you from across the hall,
anticipating the nights events.
The phone calls, the quiet drives,
the long and awaited kisses as he whispers goodnight.
But time quickly passes
and the love he once felt
has faded away.
Friends try to ease the pain
but only you know that your heart speaks the truth.
There will be another love around the corner.
But the pain of past loves will always be
a dark shadow in the back of your mind.

Reminiscing

Varied are the memories of Vic High
From broken lockers: to
freshly painted halls
From appraisal for our good deeds: to
punishment for our insolence
From Monday morning tests: to
Friday night parties
From teachers who tried to educate us: to
the rowdy class that wouldn't let them
But the actions we participated in
are the memories that linger in our hearts.

'Twas the night before Christmas
And who's playing golf?
Mr. Blasner of course
By the light of Rudolf.

Mr. Gammon was there
With a calculator in his hand
To compute Blasner's vectors
But the ball hit the sand.

Blasner slammed down his club
While Gammon swore profusely in French
Blasner yelled, "You stupid wimp!"
So Gammon got incensed.

Before they nearly hit one another
Rudolf's light went out
Have you forgotten already,
What Christmas is all about?

"No," they replied. Blasner said,
"Let's get out of the cold,
We'll go have some coffee
*And some _____.**

They hopped on thier motorcycles
And sped thru the snow
Rudolf turned away
And was ready to go.

When suddenly a child
From a nearby window called,
"Is that really Santa Claus?
I didn't know he was bald!"

Mt. Doug beaten in soccer shocker

By Max Low

Just as they did four years ago, Vic High Tyees shocked Mount Douglas Thursday to hand the Thistles their first defeat in seven matches in the Greater Victoria High School Soccer League.

This time the score was 2-1.

It was the Tyees who faced a very powerful Mount Doug side in the playoff final for the Colonist Cup four years ago — and pulled off the surprise of the season. Since then, the schools have been arch rivals on the soccer field and last year the Tyees swept both the league and playoff titles.

This season, however, Vic High coach Peter Denby has only one player back from last year's team and, before Thursday's game, the seemingly unbeatable Thistles had won six in a row, hammering in a total of 38 goals to only one scored against them.

But, backed by an almost hysterical crowd of supporters on their home field, the Tyees substituted hustle and sheer enthusiasm for experience and proved that no team is "unbeatable" by scoring two first-half goals and holding their more polished rivals out through an exciting second half.

Both goals were scored by the Tyees' only holdover — Ian Klitsie — and both came after free kicks. The first one, just 12 minutes into the game, came when a chip shot on a free kick taken by Vic High's Jim Bhurk was cleared but went right to Klitsie, who cracked the ball into the net. The second came at the 19-minute mark when Klitsie found the corner of the net with a high, curving ball from a direct free kick about 25 yards out.

Suddenly, the high-flying Thistles found themselves down 2-0.

The effect on them of the fanatical cheering by the Vic High fans was obvious, however, and probably the most affected player, in the first half at least, was Mount Doug goalkeeper Garth Downer. He actually stopped Klitsie's first shot but fumbled and let the ball roll into the net, and he was caught badly out of position on the second goal.

Two minutes before half time, a consistent effort by the Thistles on attack was rewarded when Simon Keith sent over a beautiful cross which Brian Mousely headed in.

The crowd had special jeers for Mount Doug's midfield star Adam Keith, a member of Vic High's champion side last season who switche schools this year. They didn't help hi game and younger brother Simon be came upset on a number of occasions i the second half, causing Mount Dou coach Brian Cornall to take him from the field for a while to cool down.

Downer was replaced in goal by Jamie Wiltshire in the second half but he had very little to do as the Tyees were content to dig in and protect their lead. And this they did very well indeed, particularly defender Ted Leonard who continued to play even though he injured his leg in the first half and had to leave the field for a while, and powerfully-built goalkeeper Mohammed Elbownibi, who came up with some big saves at just the right time.

The win lifted the Tyees to within two points of the leaders but they stayed in a second-place tie with Spectrum, which bombed Belmont 9-1. Paddy Wyman scored four goals and teammate Marco Amaral got two in that spree.

In other games Thursday, Esquimalt and Oak Bay left Belmont alone at the bottom by earning a point each from a 2-2 tie while Claremont downed Stelly's 3-1.

"Vancouver Whitecaps, here we come."

Ian showing his stuff.

Vic High takes a 1-0 lead.

Sports this year at Vic High was a mixture of both the expected and the bizarre. My heart almost dropped out when the Tyees defeated Mount Doug, but we had to take our bruises in basketball. The performances of our school teams were exceptional. I was sad to see the loss of our girls' basketball team; perhaps they'll be back next year.

Good Surprises In Tyee Season

Vic High Tyees

With only one returnee from last year's team, it looked as if it was going to be a rebuilding year. After the first game was played, the Tyees looked like a team that would be challengers. They trounced Reynolds 7-1, with Ian Klitsie, the only returnee scoring five goals, and Wayne Christiaens and Jim Petruzzelli adding others. They Tyees upset the Mount Doug Thistles 2-1 and handed them their first loss of the season after 7 games. Ian Klitsie scored two goals in the first twenty minutes of the game to put the Tyees up 2-0, stunning the Mount Doug team and the large number of Victoria High fans. Mt. Doug got a goal very late int he first half but it wasn't enough to beat the Tyees. The Thistles attacked several times, just to be stopped by spectacular goaltending by Moe Elewonibi. After 90 minutes, the Vic High Tyees had beaten the highly favoured Mt. Doug Thistles 2-1. Many thanks go to all the wild cheering fans that stuck with their underdog Vic High team. Then in semi-final action Mt. Doug took an early 1-0 lead. Ian Klilsie then missed a penalty shot, which seemed to boost Mt. Doug's confidence and deflated Vic High's hopes. Late in the game, Mt. Doug scored two more goals abruptly ending the season for Vic High. Many thanks go to Mr. Denby and Mr. Unwin who coached the team to fourth place in the league and to the playoffs. Also, a very special thanks to all the supporters who came to the wet games; especially the two Mt. Doug games. Well done, Tyees! The players were: Back row, L to R: Mr. Unwin (Coach), Ed Lovegrove, Ed Schauerte, Ted Leonard, Jim Petruzzelli, Moe Elewonibi, Peter de Groot, Jeff Burck, Jim Burck. Front Row, L to R: Ed Vietes, George Moniz, Wayne Christiaens (Asst. C.) Ian Klitsie (C), Jerry Dardengo, Joe Texeria, Mr. Denby (Coach).

Rebuilding Year For Tsasquatches.

The volleyball team this year did surprisingly well, finishing 3rd in league play. The amazing part of the Tsasquatches was that the team consisted of mostly grade elevens. The boys were pulling off upsets, which made all their opponents challenge for victory. Their major upset of the year came against Lambrick Park before a large group of fans. However Vic High ran out of their miracles in the Island Championship placing a respectable 7th place. This year's team would like to thank Mr. Paone and Janet Hough for all the time and effort they put into coaching the team. Watch out next year! The team consisted of: L to R: Morris Lee, Takie Niketas, Tony Philip, Pip Charsley, Trent Garner, Reshim Mehmi, Tony Chan, Jason Won, Gary Lee, Jane Hough (Coach), Mr. Paone (Sponsor).

Tikis' Great Season Ends With Upset

The girls' volleyball team had a fun and successful year. The team played very well in league play. After placing fifth at the UVic tournament they came back winning the Vic High and Dunsmuir tournaments. In the lower Islands, they came in second place. Their highlights of the year were defeating Mt. Doug at the UVic tournament and also at the Island championship. They also came in a well-deserved third place finish at the Islands. The girls then travelled to Vancouver to play Hillside for the B.C. qualification. They were upset 3-2 in the best of five game. Good effort girls! The team would like to thank Mrs. Egan for an excellent coaching job and also Eva Yan for being the manager. Players were: Back Row, L to R: Eva Yan (Manager), Mrs. Egan (Coach). Middle row, L to R: Joy Cumberbatch, Tracey Anderson, Katrina Ross, Brenda Butler, Cindy White. Front Row, L to R: Susan Haisel, Marnie Scott, Lisa Parrish, Jane Liu.

Girls' Cross Country, Ranked 3rd.

After running through all kinds of weather, the cross country team did very well considering the number of participants. The girls' team did a good job in all meets. However there weren't enough boys to make up a team as it takes five runners to make a team.

They usually came in the top three in most of the city meets, with all of the girls breaking the top fifteen. The girls' team came in third place in the Islands and placed well in the B.C.'s. Only a few boys came out for cross country and they ran individually. Well done runners! All the members would like to thank Mr. Valdal for his time in coaching and attending all the meets. Members of the team were: Back row, L to R: Ian Abbott, Cindy White, Anna Lindsay, Krista O'Donnell, Mr. Valdal (Coach). Front Row, L to R: Andrea Skinner, Jill Hobson, Ken March.

Tough year for Titans

After a very impressive pre-season string of victories, the Titans struggled through the first half of the season. At the time of yearbook publication, the 1-4 record did not show the team's true potential as they were defeated by the three top teams in very closely fought games. The Titans had shown a lot of improvement and were looking forward to the second half of the season. Back row L-R — Wayne Christiaens, Cliff Langerak, Glen Fuller, Larry Richards, Chris Krone, Jim Burck (Captain), Don Coles, Cal Olsson, Al Mui, Ed Lovegrove, Murray Klassen, Mr. Briggs (Coach). Front row L-R — Jeff Placus, Sean Ritchie, Jim Petruzzeli, Larry Stoval, George McGregor, Tony Cheng, Tom Raptis, Jerry Dardengo, Adam Fraser.

Look out for next year's team.

After an excellent 1981 season, the Totems struggled through their worst season ever in high school basketball. Winning only one of sixteen games, the team has a lot of work to do before next season. Congratulations to all the players who finished the season (5 of 12) and to Glenn Lee and David Van Hoeke who helped us out when the team dwindled to five players.

Good season for Tyettes.

This year, the girls' soccer team started with a turnout of 35 players. The team was then cut down to just 20 members with a strong starting line-up. The Tyettes were upset in their first two games; first by Edward Milne 2-0, then by Dunsmuir 2-1. In both games, the girls played very well and had their chances to win the games, but it took a last minute goal by Dunsmuir to win. At the time of yearbook printing, there were several games left in the season and with the team Vic High had, they would've placed well in the league. Thanks goes to the coaches, Mr. Unwin, and two Tyee players, Rob Gallagher and Ian Klitsie. We regret the team picture wasn't taken this year in time.

Vic High Thunderbirds — the City Champs

Some 30 students were actively involved in club play on Tuesday and Friday afternoons from 2:15 to 4:00 p.m., mid October through February. All interested students were welcome — racquets and birds were supplied.

A team of 5 girls and 5 boys was chosen each week to represent the school in league matches. This team, the Thunderbirds, competed against 11 High School and Independent School teams in the Lower Vancouver Island area. Club members were able to challenge team members in a weekly "Ladder" Tournament. The members had to work hard to keep their places — the following were active contenders: Greg Reynolds (Boy's Team Captain), Joe Sanka, Morris Lee, Alan Goh, Oscar Mandap, Amos Wong, Pip Charsley, Quentin Tang, Tony Philip, Jill Hobson (Girl's Team Captain), Joy Cumberbatch, Shirley Mew, Valerie Hinchcliffe, Jessica Gillingham, Andrea Skinner, and Cindy White.

Last year, the Thunderbirds defeated Mt. Doug to become the City Champions and the Lower Island Representative at the B.C. High School Badminton Championships — held at Coquitlam. They placed 6th out of 12 competing teams all over B.C. — a very creditable achievement. Jill Hobson, Joy Cumberbatch, Greg Reynolds and Joe Sanka, members of the 1981-82 championship team, formed a strong nucleus for this year's team.

This year, the Thunderbirds won all league matches, scoring 22 out of a possible 22 points for the season play. On Monday, March 15, they defeated Oak Bay 11-0 in the semi-final play-offs and were victorious in the finals by a score of 9-2 over Mt. Doug. On Thursday, March 18, the team, with Trish Isbell (Manager) and Ian Abbott (Photographer, Navigator, and Media Contact Officer) travelled to Penticton to compete against 16 teams from all over the province in the B.C. High School Badminton Championships, March 19, 20.

In the B.C.s Vic High placed 10th — a very creditable achievement!

Library Aide

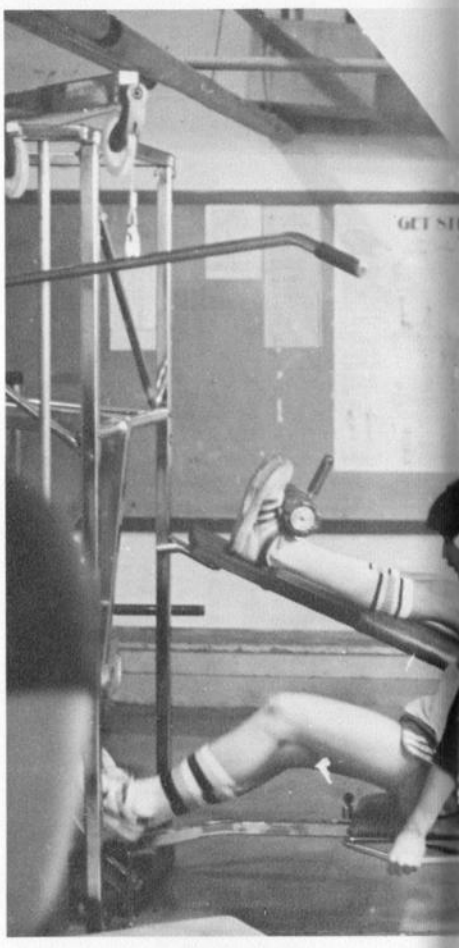
Melissa was interested in helping the library so she decided to work at the desk a few lunch hours a week. Her duties included charging and discharging books, and making up overdue notices. Melissa says that she may enter this line of work in the future.

Christian Club

Although the Christian Club was small this year, the members were enthusiastic. They met every other Thursday and discussed "Christian Faith", "Christians and Politics", "Why be a Christian?", and many other topics. They had members of six denominations, and hope many more Christians will stop "hiding their light under the bushel" to join them next year.

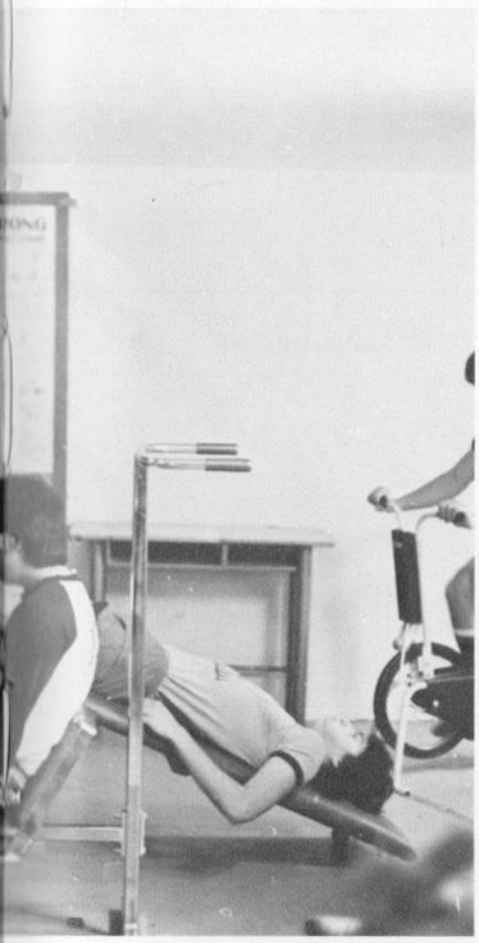
Table Tennis

This has been an active year for the Table Tennis Club with every practice at noon or after school. They did not participate in inter-school competition but their club tournament was won by Nhan Thai and the runner-up was Amin Tam. The other members were Bob Nguyen, Denny Le, William Quach, Johnny Vo, Doanh Dinh, Lac Nguyen, and Chanh Lam. The club was sponsored by Mr. Ashwell.



The Journal

It would be difficult to sum up the volatile year of 1981-82 for the Vic High Journal staff. Clearly, having enmeshed themselves in the school's nothing-doing radical movements to its more circus-circus pageantry, newspaper members have repeatedly skated on thin ice, unearthing school flaws and typing jerkily some censorious reviews, lengthy letters, arbitrary columns and spine-tingling fiction. With reasonable team effort, the Journal has surmounted its one mammoth obstacle (the Deadline), fostering a circulation of redeemable regularity. The members were Editor Penny Chan, Allison Brewin, Naomi Hoyle, Bill Barron, and Randy Smith. The sponsor was Mr. McCarron.



Getting strong.

Bodybuilders

The number of students pumping iron after school had increased this year. Some said the increase was due to the lovely ladies that attended, while others said it was due to the good-looking guys. However, the main attraction appeared to be the scintillating conversation of Leigh Trikeriotis and Takie Niketas.

Outdoors Club

The first trip the Outdoors Club took was up to Cowichan Lake for a wet weekend. A later trip included Long Beach, and at the time of printing, the club had planned trips to Piers Island, Fairy Lake, and up to the West Coast Trail. The purpose of these trips was to allow the students to appreciate the "great outdoors". The club members were Michelle Pungente, Ken Packford, Troy Hubin, Darryl Pearson, Kim Nesbit, Mary Tarokic, Susan Carvalho, and Sally Matheson. The club was sponsored by Mr. Somers and Mr. Sedgewick.

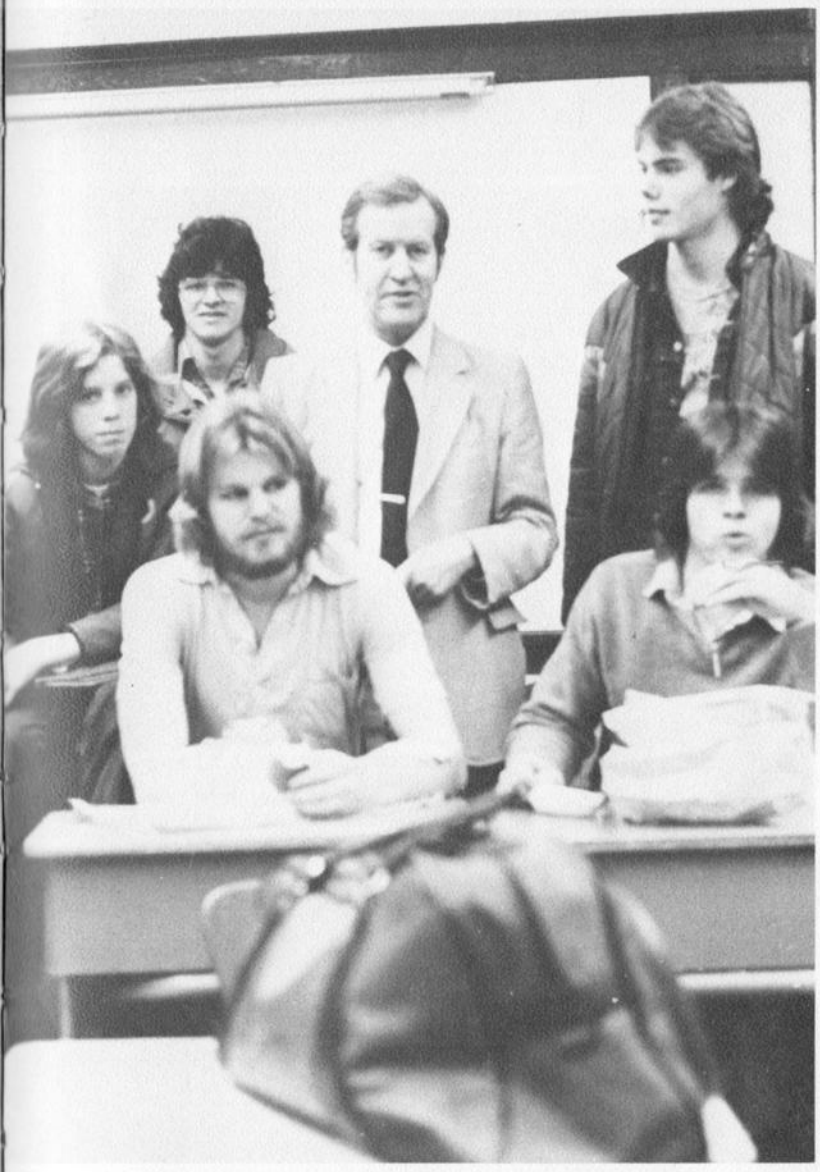
No sweat

Ham Radio

The Ham Radio Club's purpose was to generate interest in communicating by radio and experimenting with new techniques in electronic reception and transmission. The club members, Ron Sharcott, Kirk Davis, and Dave English, met once a week to pursue this interesting hobby, with Mr. Sinclair as the sponsor.



Video Only Club

The Video Club was formed to show full length movies during noon hour. They met in room 206 everyday and many members got indigestion while eating their lunches through hold-ups, fist-fights, and car chases. The club members voted for their favorite film and rented them from Oak Bay Photo. The president was Rick Carson, and vice-president was René Milord, who ran the show each day, collecting fifty-cents admission, collecting tickets, and operating the equipment. Mr. Owen, the sponsor just loafed around enjoying the show.

Cheerleaders

What started out as a twelve member squad soon dwindled down to a mere five. Despite this fact, the girls had a good year, coming out to the games in all sorts of weather to cheer our teams on. The members were Captain Mary Medeiros, Vice-Captain Susan Carvalho, Kim Tofflemire, Trish Isbell, and Sophia Chow. The team was sponsored by Mr. Baur.

The Camosun Class . . . We all live by deadlines.

And that's the way we became the Brady Bunch.

Editors' Message.

Working on this book sure was a lot of work but in the end, it was worthwhile. Throughout the year we encountered a few problems such as missing our deadlines and raising enough money. All in all, it was a fun (and frustrating) experience.

We would like to thank our business manager Rosa Bruno, and Leigh Trikeriotis for his good effort. Special thanks go to Harjinder Atwal for her great job of typing, the Photography Club, and Mr. McCarron for his literary contributions.

Extra special thanks go to Mr. Chan for all the time he spent guiding us in the right direction. He made sure everything got done with his usual, "You'll think of something."

We hope everyone enjoys the book and remember the special moments at Vic High.

Good luck to all future staffs of the Camosun; we hope you continue producing a high-quality yearbook.

The Photo Club

This year's Photography Club had only five main members, David English, Ian Abbott, Royce Kletke, Mike Radovanovic and Gordon Braeutigam. The latter two were active members, but they left early in the year. We also had some help from Caroline Lauder, James Dow, Ray Everett, and Jerry Dardengo. Our sponsor (as usual) was Mr. Chan.

We did everything from taking pictures to arboriting tables! Most of the photography that was done was for the Vic High "Camosun." In addition, we took and printed team photographs and little jobs like that for the "right price."

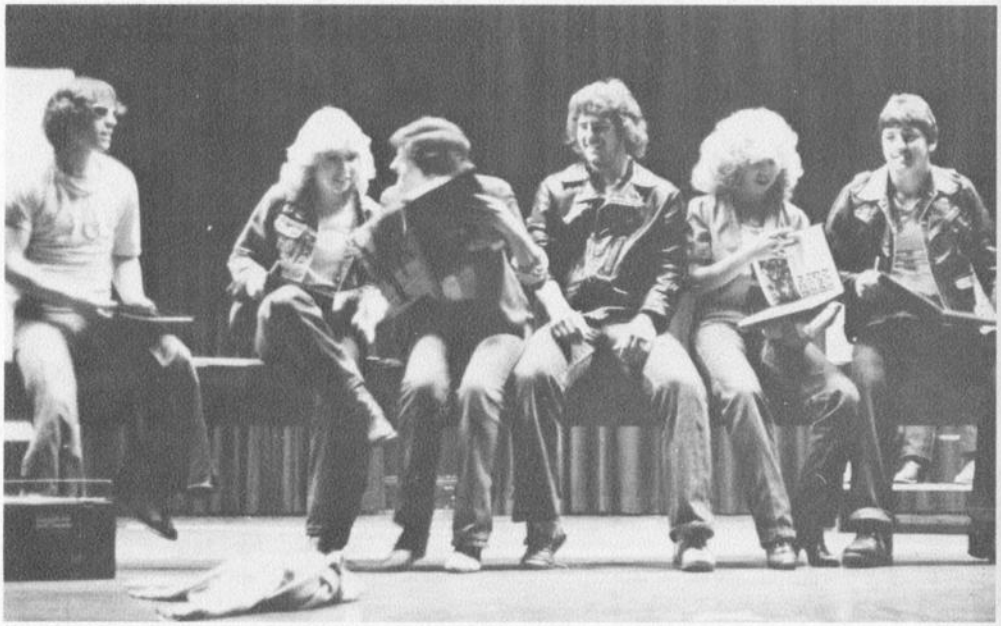
The Ninth Annual Miss Camosun Contest.

On Nov. 5 our class put on the Miss Camosun contest along with a short skit called "Joe Oak Bay". I never realized our school had so much spirit when the time to show off our glamour. I sat back and watched he-men such as Don Coles and Cal Olsson turn into Donna's and Olives. These guys . . . I mean girls, really got out there and strutted their stuff. In the end Miss "Olive Oly" Olsson was declared Miss Camosun '82.



"Hey, can you sign my annual?"

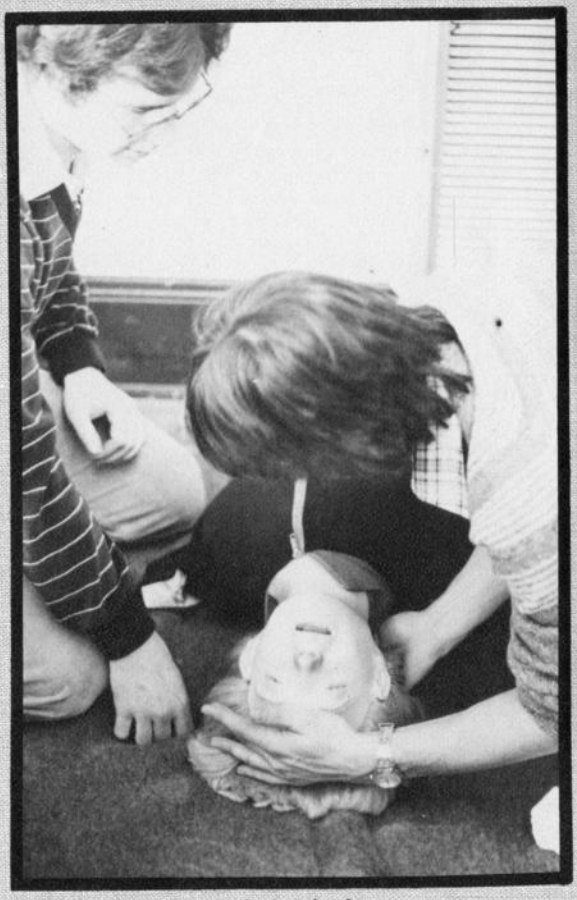
All the good times we've experienced will surpass the bad times . . .

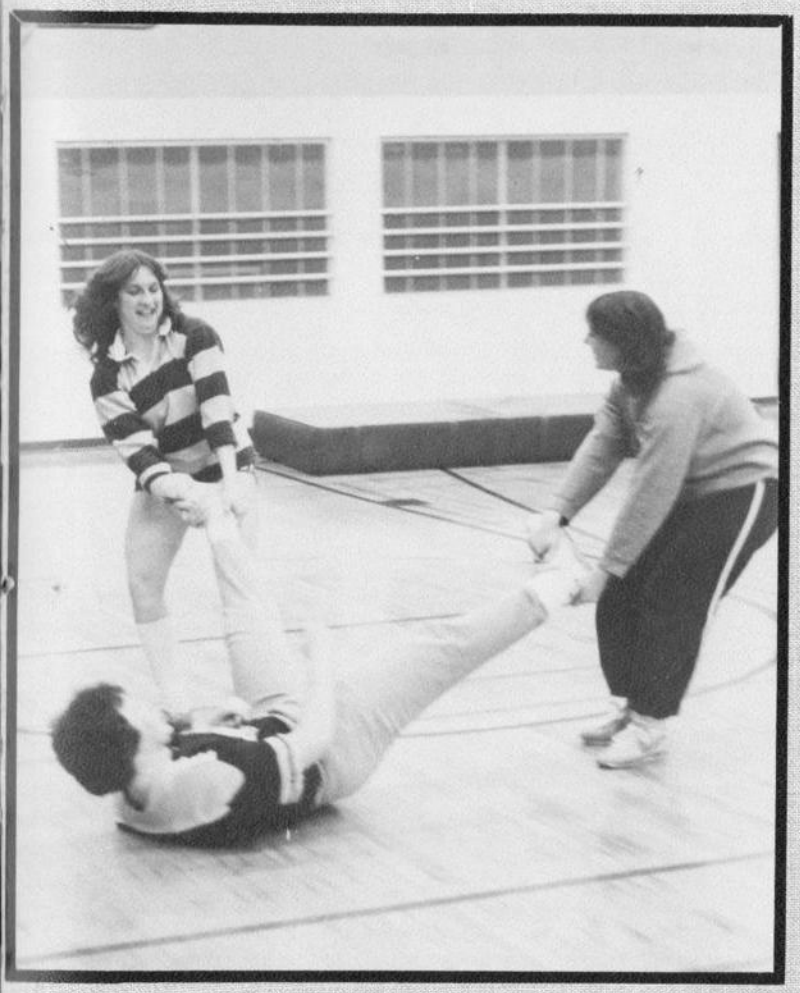
'Well, the year is winding down now and we have all started to reminisce on times past. 'We look forward to the future recalling the good times that we had together. Some memories were however more vibrant than others. 'Project 'Pride, a plan to enhance school spirit was introduced at a spring assembly.

Project Pride — Serious stuff.

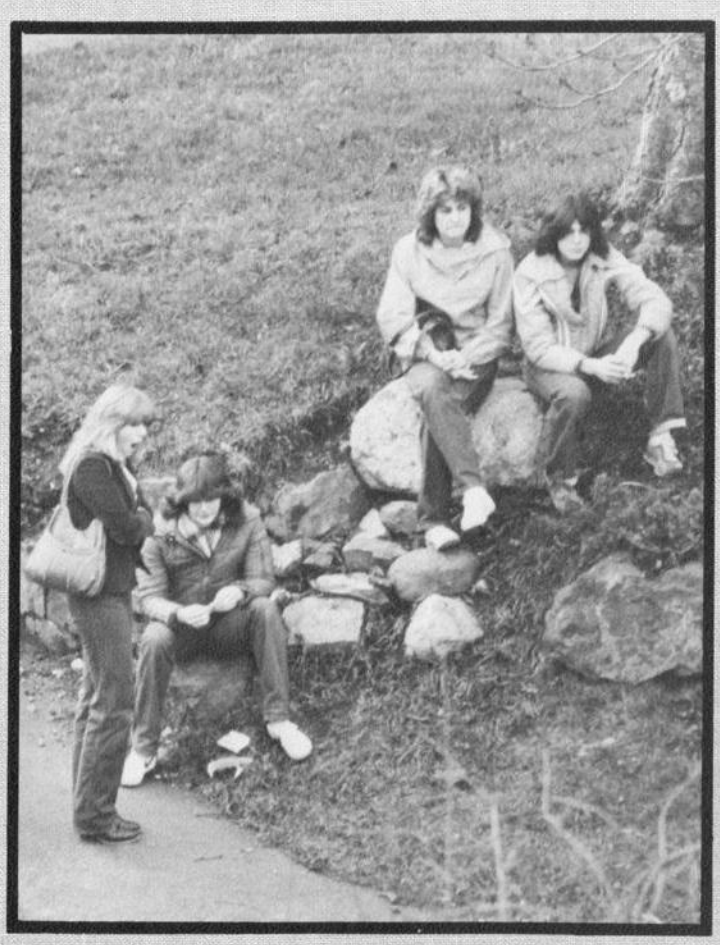
Playing doctor.



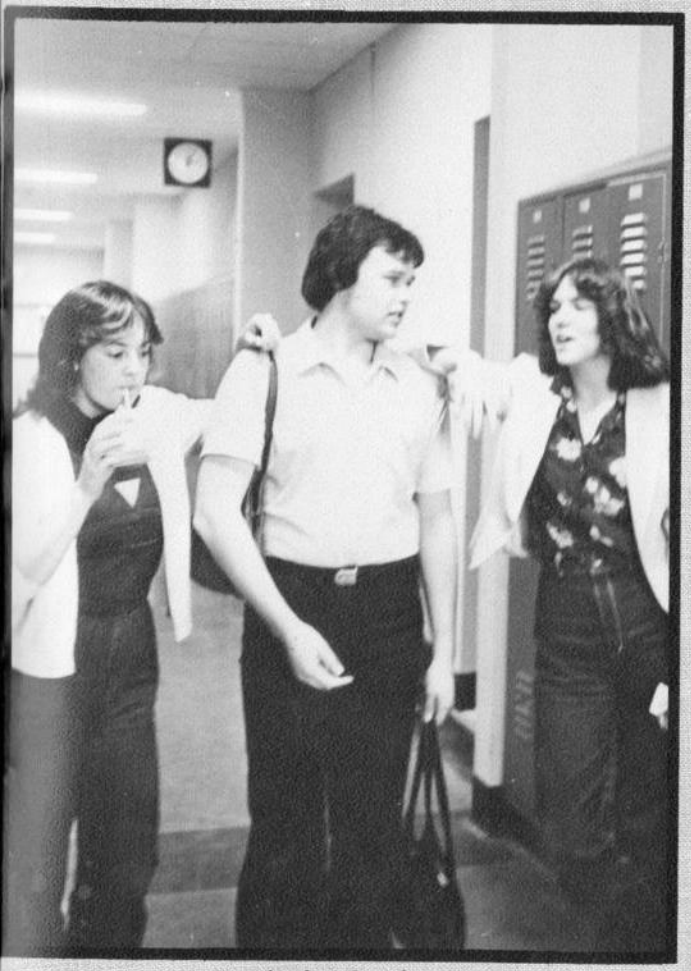
Playing dead.



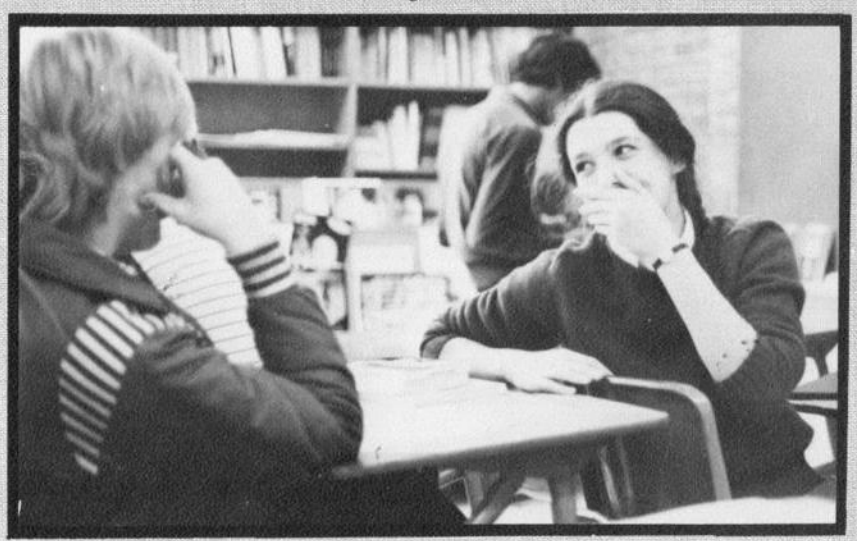
Make a wish . . .



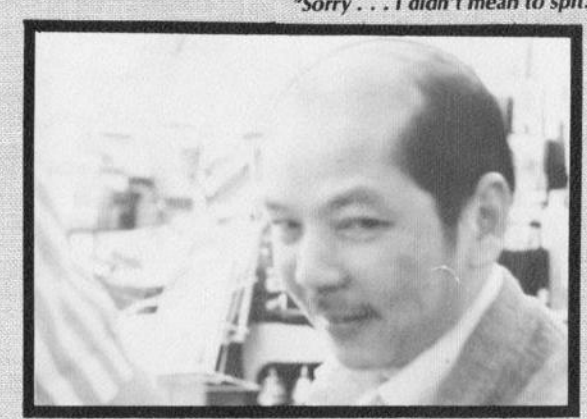
Getting back to nature.



Two for the price of one.

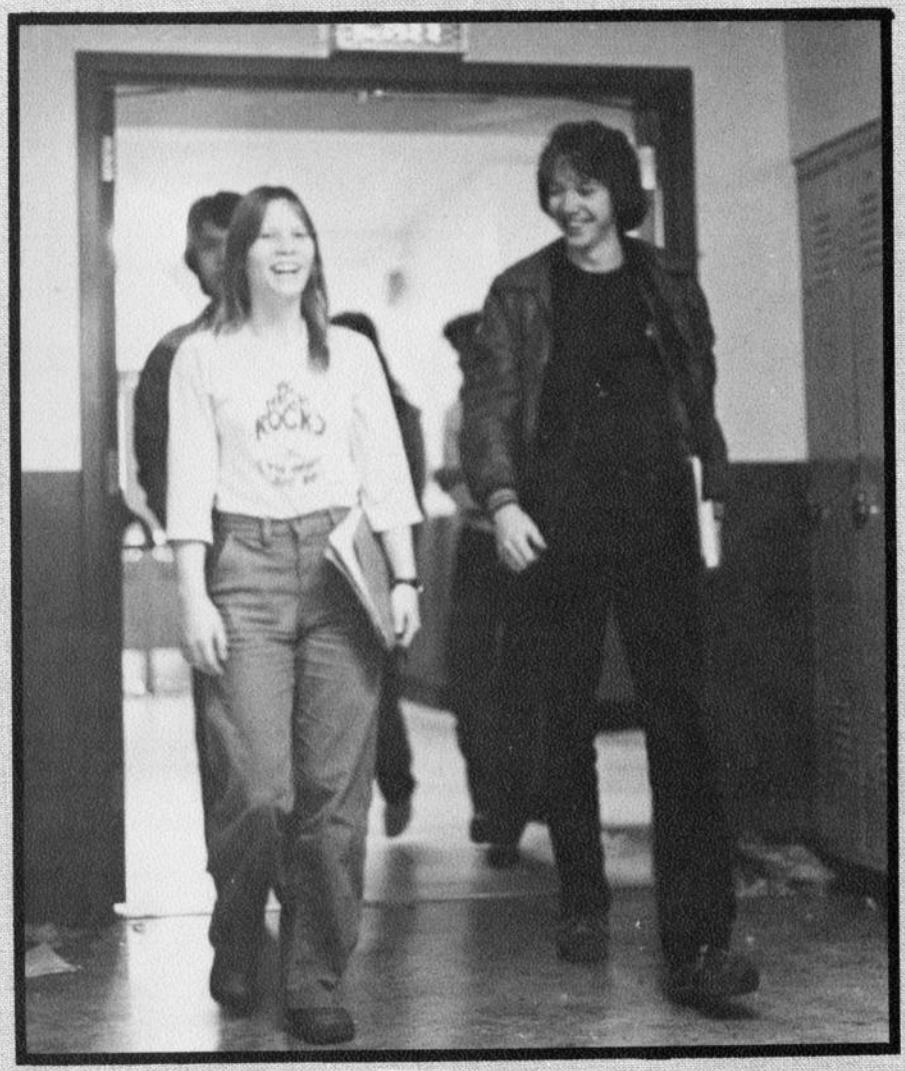


"Sorry . . . I didn't mean to spit."



"Hey Stoney!"

But every experience will help us in our path to success.



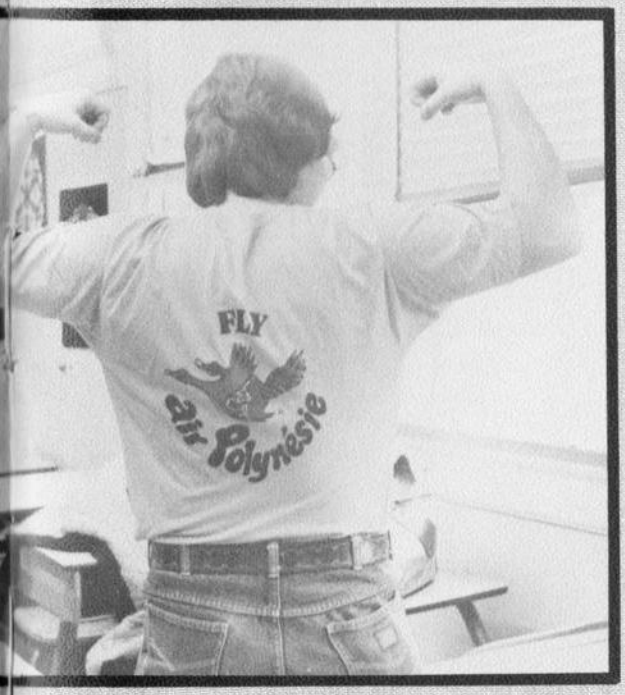
To Bea or not to Bea.

Showing . . .

"Is he gone yet?"

"I let my finger do the walking."

I hope the challenges that we have encountered in school will help us meet the more difficult ones once we have left. There has been a rumour that either S.J., Central, or Vic High will close down due to the decline in students. I wonder if it'll be us.



. . . his better side.

Mrs. Christiaen's home cookery.

Two left feet.

Opening new doors.

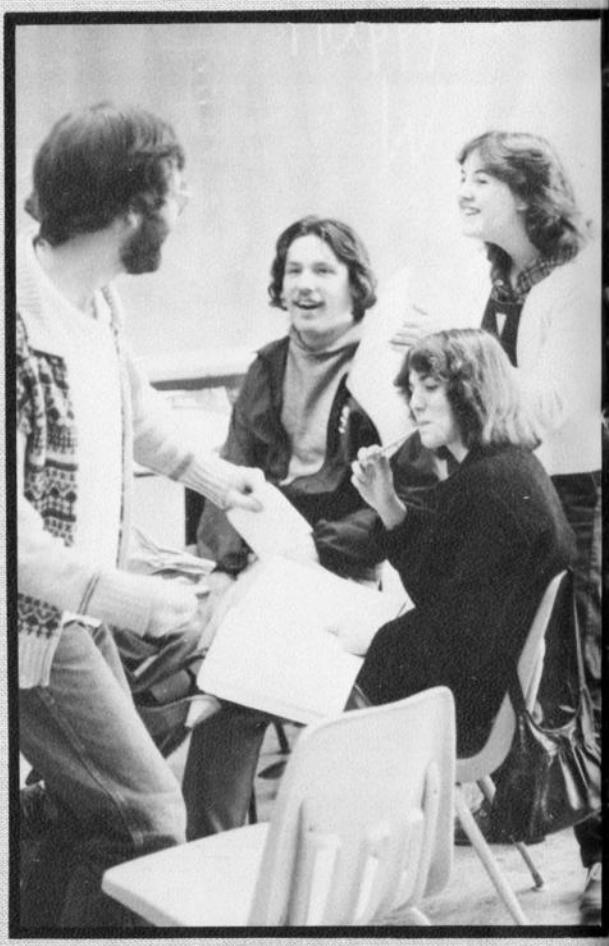
"My bum hurts."

Although the end of our school years lead us to a new challenge . . .

Our school year has come to an end and it's time for us to take our experiences out into an enormous world. We will face harder challenges than we have faced in our high school days. Hopefully each and every one of us will take a little bit of Vic High with us to the end of our days.

Goodbye. . .
A Student

Flying high again!

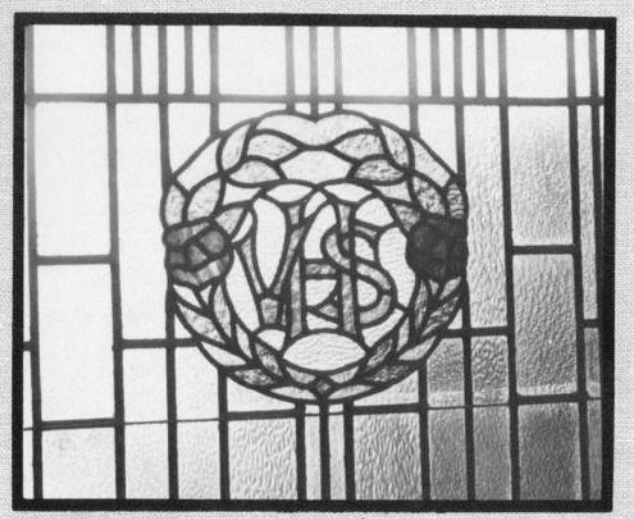


"You can't fool us!"

Lost in thought.

Our new doorstop.

A school . . .



. . . to remember.

Wallflowers.

Her . . . again!

They're in the money.
